### Assessment Introduction

This Assessment Information Book outlines the assessment requirements for each unit you will undertake as part of your qualification. In addition to the instructions provided here, the assessor will provide you with individual unit assessment books that will have specific instructions on how to complete each assessment task within each unit.

#### Submitting Your Assessment Workbook

Your Coordinator/Assessor may ask you to complete assessment tasks between one training workshop / learning activity and the next; they will then review that assessment task. **The entire completed Assessment Workbook must be submitted to your Coordinator**. If you are emailing a large number of documents, please remember to email them all together in a zip file.

#### Your assessment may be completed in one of two (2) ways:

- Printed PDF copy and completed handwritten; then scanned and emailed or posted.
- Completed digitally in the eBook and emailed.

ATTN: Your Coordinator
4 Up Skilling PTY. LTD.
9 Binney Street
Euroa Vic 3666
OR

**Emailed to your Coordinator.** 

Students have up to three (3) attempts to successfully complete each assessment task. If part, or all, of your assessment is not yet satisfactory (NYS), your Coordinator will return it to you with feedback about corrections and resubmission.

Please retain a copy of your completed assessment tasks and all associated materials for your own records.

4 Up Skilling accepts no responsibility for materials which are lost in transit. Having a copy of your Assessment Workbook on hand is also useful in case you receive a call from your Assessor wanting to discuss / review certain aspects of your assessment with you.

Please note that 4 Up Skilling may not return original hard copy submitted assessments, unless prearranged/requested by the student however, an electronic copy will be returned with feedback from the Assessor.

#### Assessment Timeframe

It is important that you undertake your assessment as soon as possible after completion of your training workshop or learning activities. Generally speaking, the longer you leave your assessment, the more likely it is that you will forget some of the knowledge you have gained, or the instructions you were given, and the harder it will become to complete.

Students are expected to submit their assessment by the deadline provided; this is typically on the 15<sup>th</sup> of the month, one or two months after that training workshop or learning activities.

Where no deadline has been given, it is expected submission will occur six weeks prior to the unit end date recorded on your Training Plan.

If you are unable to meet an assessment deadline, you must provide **written** notice to your Course Coordinator, requesting an extension. A new deadline will be negotiated.

No further Extensions for the assessment will be permitted without extenuating circumstances.

If you do not undertake your assessment within the specified timeframe, you may be required to:

- Re-enrol in the course at your own expense; or
- Pay an hourly rate to be assessed.

#### **Negotiating Assessment**

Where possible, the assessment tasks in each assessment book have been designed to provide you with flexibility and choice in how you go about your assessment. However, 4 Up Skilling recognises that the assessment tasks described in each Assessment Workbook are not the only way to demonstrate competence. Should you wish to provide alternative evidence to demonstrate your competence, please discuss this with your 4 Up Skilling Assessor.

Should you negotiate with your Assessor to provide alternative evidence to what is described in this each Assessment Workbook, you may be required to document in writing what the agreed evidence will be (the amendment), and have your Assessor sign the amendment before you proceed. This is required to prevent potential misunderstandings.

Recognition of Prior Learning (RPL) – if you believe you already have the knowledge and skills to be able to demonstrate competence in this a unit, speak with your Course Coordinator. You may be able to apply for RPL. Please be aware that if your employer is facilitating, or paying for, the training they may wish you to participate fully in training and assessment.

Reasonable Adjustments – In the event that you are having difficulty understanding or completing training or assessment (due to disability, language or learning difficulties) please notify your Course Coordinator immediately. Adjustments to your training and/or assessment requirements will be discussed, and a plan put in place to support your learning.

#### **Support and Assistance**

Should you require any support or assistance when undertaking your training and assessment, you are invited to contact your 4 Up Skilling Course Coordinator. We will do our best to provide you with the guidance you need.

You are also encouraged to refer to any resources provided by 4 Up Skilling, and to network with your peers. There are circumstances where additional one-on-one coaching can be provided by your Trainer or Course Coordinator.

#### Resulting Assessment

The result for each assessment task can be:

- Satisfactory (S)
- Not Yet Satisfactory (NYS)

The final result for the unit can be:

- Competent (C)
- Not Yet Competent (NYC)
- Credit Transfer (CT)
- Withdrawn (WD)
- Did not start (DNS)

For an RPL process, the outcome will either be:

- RG RPL Granted
- RNG RPL No Granted

#### **Extensions:**

If you are unable to meet an assessment deadline, you must request an extension from your Trainer or the Course Coordinator in writing; this can be done via email.

- Evidence of participation in learning or assessment for a unit must be submitted to the Trainer/Coordinator to authorise an Extension (EXT). This evidence must demonstrate you have been actively working on the unit during the last month;
  - o in most instances the Trainer/Coordinator will request submission of any (part of the) assessment you have completed.
- If after this first extension, you require a further extension, a Study Support Plan will or may be developed in consultation with your Trainer/Coordinator. This plan identifies how you will be supported to complete the assessment. This plan must be agreed to and signed by you.

**NB:** If you do not agree to a Study Support Plan you may be withdrawn or made not yet competent (NYC) for each outstanding assessment.

• Once a Student Support Plan is in place, further extensions will only be authorised on a case-by-case basis (i.e., special/exceptional circumstance) by the Training Manager and/or Quality Manager.

#### Re-assessment and Appeals

Students who are assessed as **not yet competent** (NYC) are provided with at least one opportunity to be re-assessed.

Should you be assessed as **not yet competent NYC)**, your Assessor will discuss with you the additional evidence that need you to provide, as well as the timeframe for gathering the additional evidence. In some cases, the Assessor may recommend additional training prior to re-assessment.

Should you be dissatisfied with an assessment decision, you may initially take this up with your 4 Up Skilling Assessor. If you remain dissatisfied, please speak directly with your Course Coordinator.

If you are unable to satisfactorily resolve your concerns you are invited to contact the 4 Up Skilling Quality Manager via email (<a href="mailto:quality@4upskilling.com.au">quality@4upskilling.com.au</a>) and/or Chief Executive Officer (<a href="mailto:rrichards@4upskilling.com.au">rrichards@4upskilling.com.au</a>). Should you remain dissatisfied and wish to pursue the matter further, the CEO will arrange for your assessment to be assessed by an independent assessor. Please see 4 Up Skilling's Complaints and Appeals Policy at: <a href="http://www.4upskilling.com.au/complaints-appeals/">http://www.4upskilling.com.au/complaints-appeals/</a>.

#### Certification

Students are entitled to receive a Statement of Attainment for the units successfully completed (i.e., units that have been assessed as **competent (C)**.

4 Up Skilling issues Qualification Certificates or Statements of Attainment to people when they have completed all assessments for all the units in which they have been enrolled.

Students with *outstanding debts* (*unpaid enrolment fees*) or who have not provided a *USI number* on enrolment will not be eligible to receive their qualification Certificate or Statements of Attainment until these matters have been rectified.

#### Plagiarism

Plagiarism is a form of cheating. It is taking and using someone else's thoughts, writings or inventions and representing them as your own.

The following list outlines some of the activities for which a participant can be accused of plagiarism:

- Handing in evidence copied from another student.
- Presenting the work of another individual or group as their own work.
- Submitting evidence without adequate acknowledgement of sources used, including assessments taken totally or in part from the internet.

Plagiarism is a serious act. Participants found to have plagiarised any part of their evidence will be assessed as 'not yet competent' and all course fees will be forfeited.

Should you have any doubts about including the work of other authors in your assessments, please consult with your Coordinator/Trainer. They will advise you on how to best reference your work.

#### Feedback

4 Up Skilling welcomes your feedback. Your Coordinator/Trainer will provide an Evaluation Sheet with your workshop materials from time to time. Please complete the evaluation, and if not already submitted, please return to the office address above.

On completion of your assessment tasks, your Assessor will also provide you with written feedback for each assessment task within your Assessment Workbook and for your results for the unit of competency overall.

Industry standards & This unit is applicable to individuals. They typically work within clear reporting contextualisation lines and procedures.

All work must be carried out to comply with workplace procedures and work

All work must be carried out to comply with workplace procedures and work health and safety and other relevant legislation and codes.

This unit applies to individuals who actively participate in the workplace safety system and work under broad direction and take responsibility for their own work. They work in a range of known contexts and complete routine activities. NOTE: The terms 'occupational health and safety' (OHS) and 'work health and safety' (WHS) and occupational safety and health (OSH) are equivalent and generally either can be used in the workplace. In jurisdictions where the Model WHS Legislation has not been implemented RTOs are advised to contextualise the unit of competency by referring to the existing State and Territory OHS legislative requirements.

No occupational licensing, legislative or certification requirements apply to this unit at the time of publication.

#### <u>Further Information & Instructions for Students:</u>

- This Practical Report is to be completed by a 4 Up Skilling assessor, on site on at least one occasion. If a farm visit cannot be arranged (e.g. biosecurity issues on farm), then a video visit will be arranged.
- Video visit can be completed in real time with the use of technology that is suitable for both student and 4 Up Skilling trainer OR it can be completed unsupervised in a series of videos submitted by the student.
- If doing this assessment unsupervised
  - At the start of the video recording, please state:
    - your full name
    - the unit code (AHC)
    - the assessment title (Practical Report)
    - the date of the video.
  - o Please ensure that your face is shown at least once throughout the video.
  - Lastly, please sign the Video Student Declaration on the last page of this workbook to confirm and declare the person demonstrating the skills and knowledge in the video is you. Thank you.

Where high risk activities are involved, your Assessor may advise you that this assessment cannot be conducted unsupervised.
